CORRECTION: For Volume 74, No. 3, Fall 2001: The abstract for the article entitled "E.H. Norman, Canada and Japan's Postwar Constitution" by John Price, was missing the last word, which should have been "years". The last sentence to read "The origins of Japan's postwar constitution have come under scrutiny as constitutional research commissions in both the upper and lower houses of Japan's Diet investigate the postwar constitution with an eye to revising it within the next five years.
